EFCC Sunday is an invitation to consider the broader family of which your church is a part.

~ 160 churches & church plants in Canada

~ 135 missionaries & mission associates around the world

This year, we're featuring LeadBeyond, a collaborative initiative headed up by Dan Nicholson (EFCC Leadership Catalyst). LeadBeyond is geared to identify and resource the needs of leaders throughout the EFCC and EFCCM. We need to work together to develop a clear disciple-making pathway.

 LeadBeyond has been responsible for a detailed survey among EFCC pastors, and the creation of a comprehensive Internship Handbook.

 LeadBeyond will be an ongoing resource in the areas of church board leadership, self-care, conflict resolution & inter-generational leaders.

 LeadBeyond is instrumental in coaching training at church and district meetings. This will become increasingly important as the EFCC transitions into a Culture of Coaching.

To financially support these leadership development efforts, we're asking for \$10 per attendee per year. (Your church will direct you on how to give.)
